

City Museum of Rijeka

invites all citizens of the Republic of Croatia and a wider region

to take part in the last phase of preparation of the museum display dedicated to the ship Galeb and other exhibitions and events that will be related to its rich history.

Ramb III, Kiebitz, Galeb

are the names of the same ship in different historical periods in which the ship had different roles. **If you have any items, photos, videos or just vivid memories that you would like to share with the general public, which relate to any of its many roles, please contact us!**

The City Museum of Rijeka collects physical memories by borrowing or permanently using them, and also intangible ones, available in the testimonies of people linked with the ship in various ways.

This invitation concerns all those who wish to make their contribution to the museum display dedicated to the ship.

If you recognise that the call is intended for you or someone who is close to you, please contact us as soon as possible or simply pass on this information.

You can respond to the Public Invitation via an online form available on the website:
